

Dear parents and caregivers

Ulrike and Eva from Northland DHB Oral Health Team will be visiting Russell Primary School to see your children for their free annual dental exams.

We are expecting to start seeing children from 8th or 9th of April

-  Most of the children are enrolled/registered with us and we will see them during the coming weeks -unless you notify us that you do not wish to have your child examined.
-  Some children are not enrolled yet with NDHB: I will be sending forms home with the children so you can enrol them. Look out for the forms and return them as soon as possible. If you do NOT wish to enrol your child, please let us know.
-  If you do want to be present at your child's examination - please be in touch to arrange a time.
-  Please note that you will be asked to give consent for any treatment your child requires before we are able to carry out the treatment.
Diagnostic [exam and x-ray] and preventative measures [fluoride, fissure sealants] are consented to in the registration (unless specified otherwise).
-  You can also enrol your preschool child or adolescent (year 9 to age 18) with us.
We encourage dental visits as soon as the first teeth erupt.
-  Please, don't hesitate to visit the clinic, telephone or email with any questions. We will be at the school from 8am to 3.30pm - feel free to pop in any time

Nga mihi

Ulrike and Eva
