

TIGER WORMS FOR SALE

Are you looking to start your own worm farm? Russell School can supply you with enough tiger worms to get you started. Tiger worms (*Ensenia Foteida*) will digest food and garden scraps and produce a nutrient rich soil conditioner aka worm wee.

Ideal food scrap guzzlers for compost bins, worm farms and composting toilets.

- 200g for \$15
- 500g for \$30

All proceeds help support our Garden to Table programme.

To ensure the worms are happy and healthy, they are packed direct from the farm, so please contact markandfrannixon@gmail.com should you wish to purchase or pop down to see our Garden to Table programme in action on a Monday between 11:30-1pm.
